An NCI-designated Cancer Center

NYUCancerInstitute

The 85,000-square-foot, 13-level NYU Clinical Cancer Center will build on NYU's strength as a preeminent academic medical center and will draw on all of the resources of the NYU Cancer Institute to provide state-of-the-art treatment and a seamless array of services to patients with cancer and their families—all in a single location. Bringing together our world-renowned cancer specialists under one roof, the NYU Clinical Cancer Center will strengthen our multidisciplinary approach to cancer care and link cutting-edge biomedical advances with the compassionate, individual and humanistic care for which NYU has long been renowned. Within the walls of the Center, NYU's top specialists will provide the latest cancer prevention, screening, diagnostic, treatment, genetic counseling, and support services in a compassionate environment that is comforting and convenient for patients and their loved ones.

It is our honor to thank the following people for their generous contributions to facilities within our NYU Clinical Cancer Center.
